

Cabrillo National Monument celebrates 'America Recycles Day' for the Month of November!!!

**Cabrillo NM takes recycling and the impact on our environment seriously:
Everyday in the United States, each of us will send the equivalent of
4.5 pounds of trash to our landfills.**

WHY RECYCLE?

Do you know the life expectancy of trash? The facts are out. Here is how long our garbage may endure in a landfill (in years):

- Glass Bottles: 1 Million
- Aluminum Cans: 80 to 100
- Rubber Boot Soles: 50 to 80
- Leather: up to 50
- Nylon Fabric: 30 to 40
- Printer Cartridges: 20 to 30
- Plastic Bags: 10 to 20
- Plastic-Coated Papers: 5
- Cigarette Butts: 1 to 5
- Wool Socks: 1 to 5
- Orange Peel: 2 to 5 Weeks

WHO BENEFITS?

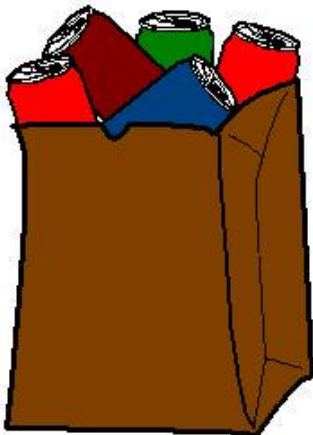

By recycling, we:

- Conserve resources for our children's future.
- Prevent emissions of many greenhouse gases and water pollutants.
- Save energy.
- Supply valuable raw materials to industry.
- Create jobs.
- Stimulate the development of greener technologies.
- Reduce the need for new landfills and incinerators.

IT IS EASY TO GET INVOLVED!

Throughout November, bring a grocery bag full of CRV aluminum cans and plastic bottles and you will receive 10% off your entire purchase* at the Cabrillo Bookstore that day!
